

ANNUAL REPORT TO THE AGM OF YOUTH FOR CHRIST/INCEDO
17TH JUNE 2007

We have turned the corner.....the change process has ended and we are looking forward to and focusing on the present and the future of Incedo. While there are many things that can be highlighted as a result of all the changes there are three to mention at the AGM.

The first is that we have a younger MLT. One of the brutal facts we had to face was that there was a lack of fresher leaders coming through into leadership....this has changed!

The second is that we are renaming ourselves to reflect that we have changed....we are different...we are new. This is not a re-branding but a re-birthing. Incedo will be the legal identity once we have finished the paperwork etc.

The third is that we have finished introducing the new accounting package. This is a nationwide system with local reporting. As in the past all money will be used entirely for the purpose for which it was raised. This is giving better reporting and more accountability. The system is easier to manage and Bryan is available if we have questions or issues with it.

With his new phase we will need to work together and need to be able to rely on each other. We can see this beginning to happen but we need to keep working at it. The need to keep good open communication lines is a vital part of this.

We also need to work hard at communicating who we are now with supporters and potential funders. There is the risk that some will think the changing structures will result in less financial accountability or less need. We will deal with this by giving out good information and being sure of who we are.

So as we finish one year and begin another as Incedo we have much to be thankful for and a future we can build together.

God is good
